Such application shall not be made public, nor shall the information in

the application concerning gross receipts be used by the city or any officer or employee thereof except for the purpose of establishing a correct basis for fixing and collecting the amount of the license fee provided in this division. (b) Every such applicant shall, on demand of the director of finance or his representative, and during reasonable business hours, produce the books and records, state sales tax returns, federal income tax returns or other records of such business on which the applicant bases the amount shown in such application as being the total gross receipts or the value of the goods or products manufactured by the applicant in this city, for the last preceding calendar year, for the examination and inspection of the director of finance or his representative as to the correctness of the amount shown in such application.

Sec. 30-94. Failure to produce books and records.
